POLICE STUDY COMMITTEE REPORT

Centre Harbor
1981

In response to the following directive from the 1980 Town Meeting the Police Study Committee was formed to "investigate and review the adequacy of the size of the Police Department of this Town and, secondly, the adequacy of the salary of the position of Chief of Police of this town, by obtaining data relating to the two points from towns in New Hampshire of similar size and population (including tourist and summer residents), and results of such review to be submitted with conclusions and recommendations to the next budget meeting in Centre Harbor for appropriate action."

The Committee selected 10 towns; Bradford, Effingham, Franconia, Holderness, Jackson, New Durham, Sandwich, Thornton, Wakefield and Waterville. Questionnaires were prepared and distributed to both the Selectmen and the Police Chief of each of the 10 communities and the Town of Centre Harbor. The Committee also made use of the Planning Board's recent Town Survey Questionnaire relative to its questions about community police service. The tally sheets for all three surveys were distributed prior to this meeting. It was agreed that other town names be withheld to preserve confidentiality.

In reviewing the questionnaires the Committee's response to its two charges are: 1. The size of the Police Department is adequate to meet the Town's needs and 2. The Police Chief's salary is inadequate. The Committee is in no way faulting the Selectmen for their budget recommendations as the committee had not finished their work when the budget was prepared.

The proposed budget of \$15,767 includes a sub-budget for dog and animal control of \$1,200 which leaves an actual budget of \$14,567 for the use of the Chief for salary and all expenses. At present a used cruiser can be purchased for approximately \$8,000. The annual depreciation of the cruiser is approximately \$3,000 a year. The committee estimates that the cost of gas for patrolling is \$2,000 a year. This means that annually \$5,000 of the police budget is attributable to the cost and operation of the cruiser. When the cruiser cost of approximately \$5,000 a year and the telephone and miscellaneous expenses of \$575 are subtracted from the \$14,567 which the Police Chief works with, the Police Chief's adjusted net wages are only \$8,992.

When the proposed Chief's salary of \$13,992 is compared with the other towns surveyed it appears to be in line with their amounts. But when the fact that the Centre Harbor Chief pays for his own cruiser is considered it is the Committees recommendation that the Chief's salary be increased \$5,000 to cover its costs.

It is clear from reviewing the surveys that although a few people in town are unhappy with the Police Department that close to 90% are happy and feel well served. Comparison of the questionnaires of the Police Chiefs and Selectmen clearly reveal the relatively small budget of the Department has provided quite effective law enforcement for Centre Harbor.

Respectfully submitted
Police Study Committee

INTER-LAKES DAY CARE CENTER
AND NURSERY SCHOOL

REPORT TO THE TOWNS

We are happy to announce that in October of 1981 the Inter-Lakes Day Care Center successfully completed its tenth year of providing child care and educational services. During the last twelve months 150 children were served from 117 families from eight towns in the Inter-Lakes region. Operating on a year-round basis from 6:30 A.M. to 5:30 P.M., the Day Care Center has made it possible for the parents of 138 children to maintain employment bringing into the community a combined income of well over a million dollars! As a private, non-profit agency governed by a volunteer Board of Directors consisting of parents and interested people from the community, the Center operates a comprehensive preschool program for three to six year olds, and before and after school program for children of elementary school age. In providing for social, emotional, physical, and educational development a full range of services is offered including education, health care, vision and hearing screening, immunizations, dental care, nutrition, and information and referral. As a participant in the New Hampshire Child Care Food Program sponsored by USDA hot lunches, breakfasts, and snacks are served daily. During the last year 7489 lunches, 1631 breakfasts, and 13,135 snacks were served.

The total budget of the Inter-Lakes Day Care Center for 1982 is \$95,223.00. Of this we will be receiving in tuition paid by parents \$47,500.00, \$9,600.00 from N.H. Child Care Food Program (USDA), and \$2,175.00 from CETA. This also includes the following: \$37,948.00 of which \$14,796.00 is Title XX, \$5,006.00 from Aid to Families with Dependent Children, and \$16,146.00 which must be obtained in local funding. The money we receive from the towns that we serve is matched three times by the Federal Government.

Area residents are always invited to visit the Inter-Lakes Day Care Center and Nursery School at 11 Lang Street in Meredith.

CENTRE HARBOR PLANNING BOARD
Annual Report

The year 1981 was a time for the Planning Board to work on the Town (Master) Plan and to update the Zoning Ordinances and Subdivision Regulations. The continued recession in the construction industry resulted in few subdivision applications, thereby giving us the opportunity to catch up on work delayed in previous years.

The Town Plan process is well under way with six committees meeting regularly. Each committee will develop an inventory and/or assessment of existing facilities and from this data offer a series of recommendations that will be discussed at an open meeting sometime in 1982. We hope that citizens will react to these so that we may refine and modify them before they are incorporated in the final version of the Town Plan. The six committees are:

Population and Housing
Open Space and Recreation
Economic Development

Community Facilities
Historical Resources
Land Use

Each would welcome additional volunteers. If you are interested, leave your name and committee preference at the Municipal Building.

As noted above, the number of subdivision requests remained low for the second year in a row. In 1981 five subdivisions were approved, none of which involved large numbers of lots. Thus far we have not had requests for large condominiums or similar developments, but with so many such developments occurring in nearby communities, the Board is aware of the potential. We anticipate that the Town Plan will have recommendations about this which we shall try to incorporate into our ordinances and regulations.

The 1981 session of the New Hampshire General Court made extensive alterations in the requirements for subdivision. In the fall changes in our Subdivision Regulations were made to make them conform to the new law. The new procedures are more complex than the old, but we had no choice but to conform.

In March 1980 voters approved a change in building permits. Now called Construction Permits, the new ordinance requires a permit for construction projects in excess of \$1500 and these permits must be renewed annually. In our opinion, these changes will make the permit less onerous for small projects while giving the Planning Board and Selectmen a better picture of the status of larger construction projects.

Several members resigned from the Board during 1981: Harold Bernt, Lee Mattson, Richard Cabell, and Christopher Williams. All will be missed. Chris Williams had the longest tenure and served as Vice Chairman. I want to thank him for aiding me and making the job of Chairman less burdensome. Replacing these members are Jacqueline Baker and Maurice Collins. The Board also adopted a policy that states the

Clerk will be a permanent alternate member. This was done to make it easier to achieve a quorum when several members are unable to attend meetings.

During 1982 our principal activity will be the Town Plan which we shall seek to complete in at least final draft form. Again, let me urge citizens to join us in this effort and to pass along ideas and suggestions.

I want to express my thanks to all Board members for their dedication and willingness to serve on the Planning Board. The Town of Centre Harbor is very fortunate to have such a dedicated group of citizens. They make the job of Chairman much easier.

Our regular meetings are on the first and third Tuesdays of each month. All are welcome and we hope you will share ideas and concerns with us.

William L. Taylor
Chairman

LAKES REGION PLANNING COMMISSION

Centre Harbor

While development has slowed a bit in the past year, most Planning Boards have reported a continuing high rate of subdivision activity. It is likely that when the national economic picture brightens, the Lakes Region will experience growth as it did during most of the 1970's.

The Lakes Region Planning Commission assisted all communities this year by sending two informational packets concerning required changes (SB 235) in subdivision regulations. The Commission also prepared and distributed an example of subdivision regulations that displayed recent thinking on ways to cope with condominium conversions and strip development. Because of SB 279, which forbids discrimination against mobile homes, the LRPC used its newsletter and meetings to explain ways in which towns could comply with the legislation. The LRPC is working with the Municipal Association to correct those ambiguities in the mobile home bill which have caused our towns the most trouble.

The Commission's third Economic Profile was prepared this year. It shows what's happening to town tax rates, identifies how public monies are being spent and explores changes in the various sectors of the Lakes Region economy. The Commission also published a report on the intentions of the region's largest employers.

The Commission has worked to clarify what is expected of municipalities in waste management. A new districting law (HB 944) requires that all towns join a solid waste district. The LRPC has recommended that there be changes in the legislation, seeking a fairer funding formula and realistic implementation deadlines. The Commission also worked for smaller district sizes in rural areas where such districts are most cost-effective.

The LRPC is currently preparing an aquifer protection handbook. Aquifer protection has been a controversial issue in at least three Lakes Region towns during the past year. Only one town has taken specific action to protect its aquifer resources.

The Commission's meeting topics have been tailored to meet the informational needs of most member communities. Topics include what to do about the solid waste act; the advantages of buildings codes; methods for evaluating groundwater resources; public action to control gypsy moths; and downtown revitalization.

Finally, the Commission directly assisted its members on 140 separate tasks, many requiring several contacts and usually involving research, night meetings, site inspections, map preparation and report writing.

LAKES REGION FAMILY SERVICE

Centre Harbor

In 1980, Lakes Region Family Services served 376 families. From January through October of 1981 we have served 389 families. Many families have come to us in 1981 with problems concerning children and adolescents; 123 children and adolescents have been served so far in 1981 alone. These children have school problems, court involvement, and/or their parents have difficulties controlling them.

Child/adolescent problems account for nearly one-third of our work. Other people are helped with marriage problems, adjustment to divorce, family violence, and general family strife.

In 1980, our agency served three (3) families from Centre Harbor. So far in 1981 (January through October), we have served five (5) families from Centre Harbor. Lakes Region Family Services operates a satellite office in Meredith, in the Meredith Congregational Church, which makes our services more assessible to residents of Centre Harbor.

Our clients are served through marital, individual, or family counseling. These services are provided by an experienced staff of Master's level social workers and one associate psychologist. Psychiatric consultation is available as needed. Groups and workshops are made available through the agency. In the last six months, our agency has offered a group for separated and divorced women, and a group for adolescent girls.

Lakes Region Family Services evaluates family problems by attempting to see as many family members as possible; if an agency or organization, such as school or the police, is involved with the family, we consistently make every effort to work along with that agency.

As you may know, Lakes Region Family Services has been working hard in the past year to establish direct, emergency services for abused women and their children. On November 10, 1981, we began operation of a 24-hour crisis line for abused women. Services include crisis intervention, host homes for shelter, and transportation. We have recruited and trained volunteers who will actually provide many of these services when our agency is closed. These services are available to residents of Centre Harbor.

In 1980, Lakes Region Family Services was the recipient of a grant from the Agnes Lindsay Foundation in Boston, for the purpose of rural outreach. With these funds, we have produced a sound-slide production which can be used to educate and inform people about family problems and solutions to those problems. We plan to bring this production to as many groups in the community as we can. Our agency also offers a Family Life Library, where the general public can borrow books dealing with a wide variety of personal and family problems.

The average number of sessions per family is six. Many families are seen for a much longer period of time; for example, one woman from Centre Harbor has been seen thirteen times in 1981 and contacts have been made with a physician and the school.

Our cost per hour in 1981 is \$42.50, so the cost for one family for six sessions is \$255.00. Our fees are charged based on the ability to pay; the average fee in 1980 was \$6.23 and client fees in 1981 represent only twenty-two percent (22%) of our revenue. Therefore, we must rely on the help of towns to enable us to continue to offer vital services to families in need.

We are increasing our budget request to the town of Centre Harbor for the following reasons:

1. Lakes Region Family Services is seeing more clients in 1981 than 1980: there has been a ten percent (10%) increase in clients for the first ten months of 1981 over the number of clients seen in the twelve months of 1980.
2. We had an increase (60%) in clients from Centre Harbor for the first ten months of 1981 over the number seen in the twelve months of 1980.
3. Our costs have risen due to inflation. Although we have not expanded our staff over 1980, our cost in 1980 was \$71,767.91 and we anticipate expenses for 1981 to amount to 77,000.00.

Owners of female dogs in heat are required by State law to keep these dogs out of reach of all male dogs. This means that if a dog is kept on a chain run that said dog must be in a pen while in heat.

Be sure to get landowner's permission before training your dog on their land for hunting. It also helps to notify the local Fish and Game Officer where you will be training to avoid problems.

PARKS AND RECREATION DEPARTMENT

1981 was a busy year for the Centre Harbor Parks and Recreation Department. The first event of the year was the Easter Egg Hunt run by our local 4-H Club under the direction of B. J. Larsson. In May, we organized the Memorial Day Parade, which was energetically supported by Veterans from Centre Harbor and Meredith. The local children were judged for their creative and patriotic entries in the parade and were awarded prizes by the Parks and Recreation Department.

The summer season brought the challenge of hiring a summer beach staff. Martha Perry was hired as head lifeguard and Red Cross swimming instructor, with Susan Milne and Alistair Scriven as assistants. Toddler swimming classes taught by volunteers Diane Kline and Randy Mattson were well attended.

On the Fourth of July was the third annual Centre Harbor foot race sponsored again by the Centre Harbor Sports Shop. The numbers increased this year, not only in participants, but also in volunteers who helped run the event. The race was followed by a super parade. Prizes were awarded for the most original, most amusing and most patriotic entries. The day ended with a splendid display of fireworks.

Other events this summer included a Carnival, lectures on Africa and Alaska, hikes to Rattlesnake Mountain and Chamberlain-Reynolds Forest and an afternoon movie for the children.

Halloween was highlighted by a childrens' costume party and movie.

We feel that we have accomplished much as a committee, and we hope to improve upon the program even more in the coming year.

Our sincere thanks go out to all those who volunteered their time and effort during our first year of service on this committee.

TOWN HISTORIAN'S REPORT
DEDICATION OF THE FOUNTAIN
1907-1982

Seventy-five years ago on December 30, 1907 a notable instance of neighborhood and public spirit on the part of summer residents was the gift to the Town of Centre Harbor of a beautiful drinking fountain by Herbert Dumaresq of Boston, whose "Kona Farm" was one of the most magnificent estates in the Lake country. (Kone Mansion Inn today includes a comparatively small portion of this formerly vast estate.)

The dedication of this gift was a gala occasion. At 2 o'clock Mr. and Mrs. Dumaresq, accompanied by the Countess of Frankenstein and daughters, Russian guests at "Kona Farm", and Miss Margaret B. Slade of Chestnut Hill, sister of Mrs. Dumaresq, arrived at the wharf on the steamer Swallow and were met by the children of the Centre Harbor and Moultonborough schools. They were escorted by the Centre Harbor Band which played several selections, after which a procession was formed and moved to the fountain. Orville P. Smith of the Selectmen welcomed the company and introduced Reverend William P. White of Moultonborough. Reverend White gave a brief outline of the beautiful legend of Kona, the young Indian brave, whose representative in bronze adorns the bowl of the fountain, which he presented to the Town in the name of Mr. Dumaresq.

He was followed by Reverend John Thorp, minister of the Centre Harbor Congregational Church and president of the Old Home Association. Reverend Thorp accepted the gift for the Town and spoke briefly of the legend whose hero had given his name to Mr. Dumaresq's beautiful summer home, and recited an original poem dedicated to the donors of the source of refreshment to birds and animals.

The water was turned on at this point and rose in a graceful jet from the throat of the wild goose clutched in the arms of the young Indian. At this same time water flowed in the cups at the base of the fountain for small animals.

The children sang "America" with band accompaniment, after which three cheers for the guests of the afternoon were called for and given with a will, followed by a "tiger" (an additional cheer given at the conclusion of a round of cheering).

The party was then escorted to the wharf, and steamed away amid music, the waving of hats and handkerchiefs, and more rounds of cheer.

"Kona Farm" was a splendid type of New Hampshire summer estate - by no means few in number - which represented an investment of from

a hundred thousand to a quarter of a million dollars.

The Fountain has been a source of pride, admiration and continued interest--with the question often repeated, "Who did the sculpture?"

We are grateful to Mrs. Grace Borell who years ago saved a newspaper clipping. Thus we learned that it was Samuel Russell Gerry Crook of Lincoln, Massachusetts, a nationally known ceramic artist and sculptor. Mr. Crook was born in San Francisco on July 28, 1860. He graduated from the University of California and attended several schools of Art, including Boston Society of Arts and Crafts, and in 1899 continued his vocational studies in England. For three years Mr. Crook was a student at The Art Students League in New York City where he was a protege of Augustus Saint-Gaudens, America's most famous sculptor.

Grateful Acknowledgments:
